

# A | Normative network at each timepoint

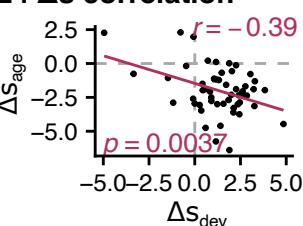

# B | Strength distribution by PND

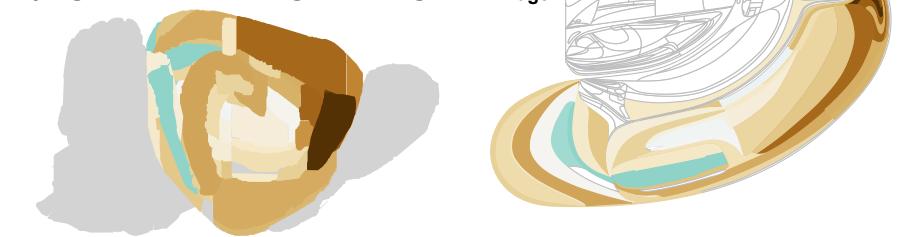

# C | Early life strength changes ( $\Delta s_{dev}$ )

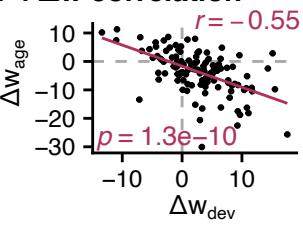

# E | $\Delta s$ correlation

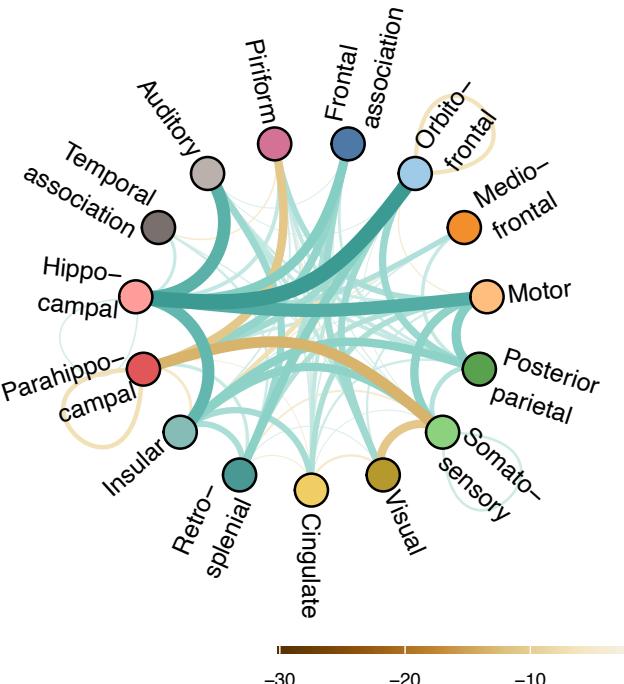

# D | Age-related strength changes ( $\Delta s_{age}$ )

# F | $\Delta w$ correlation

# G | Early life edge changes ( $\Delta w_{dev}$ )

# H | Age-related edge changes ( $\Delta w_{age}$ )
